Marriage Licenses

The following marriage licenses have been issued by Recorder Joe Fields:
Wm. H. Dunning, Harrisburg, Ill., and Thelma Marshall, Kirbyville.

J. L. Day of Bradleyville was a Republican visitor Friday, taking the opportunity to renew his subscription. He has traded his farm on Brushy to R. Iven Steele.

Miss Mabel Weatherman returned Thursday from Kansas City, where she has spent several weeks visiting friends and relatives.

Mrs. Susie Gadsden and John came in from Walnut Shade Saturday and stayed till Sunday.

The J. W. Reese sale Saturday was well attended and things went well.

Forsyth and vicinity were visited by another heavy rain Monday night and Tuesday, following the warm, spring-like weather of Saturday and Sunday.

J. C. Nance of Kisee Mills was a Forsyth visitor Monday and a caller at the Republican office.

W. C. Casey of Dickens made the Republican office a visit Monday.

Mr. and Mrs. J. R. Gideon and family returned from their visit to Wehita and vicinity Wednesday afternoon.

Some of the out of town visitors who attended the J. W. Reese sale last Saturday. Mrs. Everly, Hilda; Mr. and Mrs. Lew Williams, Taneyville; Mr. and Mrs. John Green, Kisee Mills; Mrs. Nalley, Bradleyville; Mrs. Hattie McVey; Mrs. Bush, Kirbyville; Mr. and Mrs. Bailly.

There will be a good Thanksgiving program at the church Thursday evening. Let all come.

The partial eclipse of the sun was nearly obscured by the heavy fog that hung low Saturday morning.

We have a letter from J. W. Scott of Spokane, Washington, formerly of Bradleyville, Mo. He sends for the Republican.

When J. W. Reese and family left Sunday for their new home in Ava, all Forsyth felt a loss. They have been an important part of the community for so long that Forsyth will not seem the same without them. Mr. Reese was born in this county near Bradleyville. He has been active in public affairs of the county for many years. He was elected sheriff in 1904 serving two years. In 1910 he was elected county collector and served two terms. He was president of the Taney county bank, member of the school board, director of the electric light and power company of Forsyth and member of the Baptist church. He is progressive and ready to get behind every good movement and give it a push, so what is Taney county's loss is Ava's gain. The family leaves Forsyth with regret but assures us they will be with us often. We wish them God speed in their new home.

Taneyville had another pie supper Saturday night. A bunch of our young folks attended. Among them were Ruth Harned, Ida Moran, Mrs. Bertie Parrish, Sibyl Parrish Mr. and Mrs. Williams from the Dam, Mary Harned, Mabel and Violet Weatherman.

A race from Forsyth to the north pole starts Sunday between an airship and a railway train. Free passage for everybody. Don't miss your train or ship, both leave promptly at 10:00 a. m. Get your tickets at the Union Sunday School, and don't forget your baggage—the Bible.

Misses Oma and Helen Parrish are at home from their short visit at Springfield.

We saw the little blue racer of Lyman Felkins climb the hill on high the other day—Zip! Zippity Z! It quivered a moment just as it reached the top, but on it went. Some difference between that and the beautiful mule team.

Dr. C. O. Harned and family are moving into their new home this week. They having purchased the town property of J. W. Reese.

Paul "Sunshine" Dietrick

"He came, he saw, he conquered" but not as Caesar with force of arms but with his humor and his common sense. He told Forsyth some truths and cited many examples worth following. His Subject, "A Sacrifice Hit," illustrated how in order to succeed there must be team work and some one must always make a sacrifice hit in order that the team as a whole shall succeed.

On account of the high water we have been unable to get the plate for this week's installment of our serial story. It is still in the depot at Branson. We are sorry but trust we shall have it in next week's issue.

Sewell Everett, Dick Arnold and Jesse Hart each took a load of household goods to Ava for Jim Reese. They started Saturday and got there with the goods all right, but had a wet time getting home arriving here in the rain Tuesday.

NEW LIFE FOR HOLY LAND

With Abundant Supply of Water, the Desert Promises Again to Blossom Like the Rose.

"The desert shall rejoice and blossom like the rose," old Isaiah prophesied.

The reclamation of Palestine by the British has at last opened the Holy land to the enterprise of the West, remarks the Journal of the American Medical Association.

Captain Carson of the American Red Cross commission, which followed General Allenby, tells us that the first problem of improvement encountered was that of water supply. That part of Palestine south of Beersheba has been piped with water from the Nile by British engineers with American equipment—the realization, it is said, of a dream thousands of years old. Several million gallons a day are pumped from the canal near Kantara across the Suez canal into Palestine. At Kantara rapid sand filters are used.

The pipes are laid at least eighteen inches deep in the soil or sand of the desert in order to protect them and the water from heat. North of Beersheba there is plenty of water under the surface, though very little, owing to the geologic formation and meteorologic conditions of Palestine, remains easily available. On the western slopes, however, the valleys form excellent reservoir sites for collecting the winter rains, though they would often have to be treated to prevent loss by percolation.

The problem of the water supply of Jerusalem has been attacked by such noted men as Hezekiah—who constructed a tunnel which is today an almost unexplainable engineering feat—Solomon, Pontius Pilate and Herod. In the spring of 1918 the British, using much of the Roman work, installed a six-inch line from the springs of Wady-el-Arnab, about sixteen miles south of Jerusalem, through which more than 200,000 gallons a day are now flowing into the city.

It is said that Jerusalem could be furnished with more than 20,000,000 gallons a day of pure water. Almost every house in the city has its rain-water cistern, and these, with proper inspection by the newly organized health department, are being filled with safe water.

It is to be expected that the disappearance of the picturesque water vendors of Jerusalem will be accompanied by the passing of the terrible water-borne diseases prevalent under Turkish rule.

In Memory of James Watt.

The centenary of James Watt, the inventor of the modern condensing steam engine, who died on August 19, 1819, was celebrated in Scotland by the raising of a fund of \$250,000 to further endow the engineering department of Glasgow university, to provide additional facilities for the training of engineers.

Biggest Factor Overlooked.

All the programs of the day's work that a man lays out for himself are too exacting, and partially fail because no allowance has been made for human frailty.—St. Louis Globe-Democrat.

HUNS GIVE UP WORKS OF ART

World-Famous Paintings Stolen From Belgium Returned as Stipulation of Peace Treaty.

By the terms of the peace treaty Belgium and Ghent will respectively recover priceless works of art, one of which was supposed to have been destroyed after the Germans entered Louvain, while the other has long been incomplete because two important parts of it were in the Kaiser Friedrich museum, Berlin. The Louvain painting is the work of Dierck Bouts, a "Last Supper," which has been described as "certainly one of the finest examples of Flemish fifteenth century art" and was painted for the collegiate church of St. Pierre. The painting had come down the centuries as the chief adornment of the church, and disappeared after the German occupation. It was believed to have been destroyed, but is now known to have been removed and preserved by the invaders, and its return is one of the stipulations of the peace treaty. The other famous painting, "The Adoration of the Lamb" has been called "the first and greatest masterpiece of fifteenth century painting produced in Flanders." It was begun by Hubert van Eyck, but continued and finished by Jan van Eyck. Time had separated the parts of the painting and at present the central panel remains in the chapel of St. Bavo in Ghent, another part is in Brussels, and yet another in Berlin. Brussels will probably return her part of the composition, and Germany is to give back the portions that have been in her possession, so that the painting as a whole will once more be assembled in the chapel for which it was painted.

Skillful Job of Moving.

A gas container 50 feet in diameter and 75 feet high, weighing 200 tons, was moved three miles recently at Portland, Ore. First it was raised 15 feet and loaded on rollers. Then it was moved four blocks through the city streets and lowered 25 feet to a dock, whence it was moved upon a pair of barges. The barges were towed three miles to a shipbuilding plant, where the tank was unloaded and raised 26 feet, moved across newly filled ground for a distance of 2,000 feet, crossing a railroad track, and placed on its new foundation. It took 71 days to complete the work.

SHERIFF'S SALE UNDER SCHOOL FUND MORTGAGE

Whereas, the county court of Taney county, Missouri, by an order made and entered of record, 7th day of October, 1919, found and adjudged that default had been made in the payment of the principal and interest due upon certain school fund bonds, executed by said Taney county, by William H. Gilett as principal and John Lewis and John W. Gideon as securities, dated November 8th, 1901, in the sum of \$10,000, for the use and benefit of the capital fund of said county, and having adjudged that said principal and his securities pay the sum of \$10,000, now due in principal and interest to said county, and bond, directed that an order of sale of the premises conveyed to said county, by a certain school fund mortgage deed, executed by said William H. Gilett and Margaret J. Gilett, his wife, to said Taney county, for the purpose of better securing the payment of the aforesaid school fund bonds, which said mortgage is dated July 15th, 1901, and is recorded in the office of recorder of deeds for said Taney county, in school fund mortgage record No. 3, page 25, deed records of said county, be made a matter of record in said court, commanding the sheriff of said county, Missouri, without suit on said mortgage, to levy the same, with costs, upon the property conveyed by the mortgage aforesaid, and to proceed to sell the same, together with the interest, or any part thereof, according to law, to satisfy the principal and interest remaining due and unpaid on said bond, together with costs of sale, and that a certified copy of said order be delivered to said sheriff by the clerk of said court.

Now, therefore, in pursuance of aforesaid certified copy of order which was delivered to me by the clerk of said court on the 8th day of October, 1919, bearing date of October 7th, 1919, I have levied upon and seized all the right, title and interest of the said William H. Gilett and Margaret J. Gilett, his wife, of, in and to the following described real estate, situate in Taney county, Missouri, to-wit:

North-west fractional quarter, section 4, township 21, range 21, containing 112.5 acres, and described in said mortgage deed, and I will on Monday, the 25th day of December, 1919, between the hours of nine o'clock in the forenoon and five o'clock in the afternoon of that day, at the court house door in the town of Forsyth, Taney county, Missouri, necessarily with said order and this notice, sell the same, or so much thereof as may be necessary, at public auction, for cash in hand, pursuant to section 1911, R. S. Mo., 1892, for the purposes aforesaid.
